Introduction

The mission of S&P Global Ratings is to provide high-quality, objective, independent, and rigorous analytical information to the marketplace. In pursuit of this mission, among other things, S&P Global Ratings engages in Credit Rating Activities and issues Credit Ratings.

S&P Global Ratings has adopted this Code of Conduct (the “Code”) to reflect the high-level principles that govern the conduct of its Credit Rating Activities.¹ This Code also reflects the high-level principles underlying Regulatory Requirements in the jurisdictions where S&P Global Ratings conducts Credit Rating Activities. S&P Global Ratings implements the principles set forth in this Code through policies, procedures, and guidelines (collectively, “policies”) as well as through its operational and control infrastructures.

All Employees must comply with this Code and its related policies. Each year all Employees are required to read the Code and affirm their compliance with it and its related policies by signing an affirmation statement. The President of S&P Global Ratings (or her/his designee) is responsible for overseeing compliance with this Code, its related policies, and S&P Global Ratings Regulatory Commitments and must approve in writing the grant of exceptions to this Code or its related policies but may only grant such exceptions when they do not otherwise violate a Regulatory Commitment or other applicable law or regulation. S&P Global Ratings Designated Compliance Officer has day-to-day operational responsibility for compliance with, and interpretation of, the Code, its related policies, and S&P Global Ratings Regulatory Commitments.

1. Quality of the Credit Rating Process

- 1.1 S&P Global Ratings will clearly define its rating symbols and apply those symbols in a consistent manner. When required by law or regulation or where otherwise feasible and appropriate, S&P Global Ratings will differentiate Credit Ratings of structured finance products from other Credit Ratings, including through additional disclosures or the use of different rating symbols.
- 1.2 S&P Global Ratings will establish and maintain Criteria for the issuance of its Credit Ratings and will require consistent application of its Criteria. S&P Global Ratings Criteria is rigorous, systematic, continuous and based upon historical experience (including back-testing) and objective validation.
- 1.3 S&P Global Ratings will establish and maintain measures that Employees must follow for the ongoing annual review of its Criteria and the ongoing periodic review of models consistent with Regulatory Requirements. To the extent possible and when mandated by Regulatory Requirements, Employees conducting these reviews will be independent from the Practice Areas performing the relevant Credit Rating Activities.
- 1.4 Each Credit Rating is based on a thorough analysis of all information known to, and believed relevant by, the applicable S&P Global Ratings Rating Committee in accordance with its Criteria.
- 1.5 Each Credit Rating Action will be accompanied by a Credit Rating Rationale; however, a Credit Rating Rationale may support more than one Credit Rating.

¹ This Code replaces the S&P Global Ratings Code of Conduct dated December 15, 2017. This Code aligns with principles established by the International Organization of Securities Commissions (“IOSCO”) in its Code of Conduct Fundamentals for Credit Rating Agencies, revised March 2015, and IOSCO’s Statement of Principles Regarding The Activities of Credit Rating Agencies, published in September 2003.

- 1.6 S&P Global Ratings will establish and maintain measures so that the Analysts assigned to determine a Credit Rating have appropriate individual or collective knowledge and experience to determine the creditworthiness of the applicable Rated Entity or Security.
- 1.7 S&P Global Ratings is committed to hiring sufficient personnel with the appropriate level of knowledge and skills to allow for the appropriate and smooth operation of S&P Global Ratings and its Credit Rating Activities. S&P Global Ratings will devote sufficient resources and personnel to determining initial Credit Ratings as well as conducting ongoing surveillance of existing Credit Ratings (except for point-in-time, suspended, or withdrawn Credit Ratings). S&P Global Ratings will establish and maintain measures to have adequate resources to supervise diligently its Employees and others who conduct business on its behalf.
- 1.8 S&P Global Ratings employs Analytical Managers, senior managers, and officers who are of good repute and sufficiently skilled and experienced for the sound and prudent management of S&P Global Ratings and its Credit Rating Activities. S&P Global Ratings does not hire individuals where material doubt exists as to the individuals' ability to fairly and impartially execute their responsibilities or as to the individuals' integrity and holds Employees to the highest standards of integrity and ethical behavior.
- 1.9 Consistent with S&P Global Ratings Criteria and policies, Rating Committees (and not individual Analysts) determine Credit Ratings. However, under certain circumstances, S&P Global Ratings issues Credit Ratings that are derived either in whole or in part from other Credit Ratings. In this regard, and under certain circumstances, an Employee may apply an existing Issue or Issuer Credit Rating on an entity (previously determined by a Rating Committee) to another Issuer and/or Issue (i.e. a Linked Rating Action).
- 1.10 S&P Global Ratings will not issue a Credit Rating unless it concludes that it has (a) information of satisfactory quality to determine a high quality Credit Rating, (b) sufficient Analysts with appropriate knowledge and experience to determine a high quality Credit Rating, and (c) sufficient historical experience or information to appropriately rate a new type of structure or a new entity, when applicable. S&P Global Ratings will withdraw an existing Credit Rating when necessary and appropriate or where the withdrawal is required by law or regulation.
- 1.11 When S&P Global Ratings issues a Credit Rating and its associated Credit Rating Rationale, S&P Global Ratings will not misrepresent the nature of the Credit Rating or make any statements that could reasonably mislead potential users of the Credit Rating. In jurisdictions that impose specific disclosure requirements related to Credit Ratings, S&P Global Ratings will publish or release the requisite information in the relevant Credit Rating Rationales or through other permitted means. When required by law or regulation or where feasible and appropriate, S&P Global Ratings will appropriately disclose the limitations of a Credit Rating that involves a type of entity or financial instrument with limited historical data.
- 1.12 When required by law or regulation or where otherwise feasible and appropriate, S&P Global Ratings will provide an Issuer with an opportunity to review the Credit Rating Rationale associated with its Credit Rating prior to its publication or release to protect against factual errors or inadvertent release of Confidential Information. When required by law or regulation, if S&P Global Ratings amends a Rating Decision after receiving feedback from the Issuer, S&P Global Ratings will indicate that, prior to issuance, the Rating Decision was disclosed to the issuer and amended following that feedback.
- 1.13 When required by law or regulation or where feasible and appropriate, except for point-in-time, withdrawn, or suspended Credit Ratings, S&P Global Ratings will monitor outstanding Credit Ratings on an ongoing, at least annual, basis and will update those Credit Ratings when warranted and consistent with its Criteria and policies. S&P Global Ratings may update Credit Ratings because of changes in circumstances of the Rated Entity (including changes in the underlying assets for structured finance products) or changes in applicable Criteria, related

Sector and Industry Variables Reports and Guidance Documents. S&P Global Ratings will update outstanding Credit Ratings on a timely basis and consistent with Regulatory Requirements.

- 1.14 When changing a public Credit Rating, S&P Global Ratings will publicly announce a revised Credit Rating. When withdrawing a public Credit Rating, S&P Global Ratings will publicly announce the withdrawal and the Credit Rating at the time of the withdrawal. If S&P Global Ratings continues to publish a withdrawn Credit Rating, the Credit Rating will indicate the last date that the withdrawn Credit Rating was updated and will indicate that the Credit Rating is no longer subject to monitoring or update.
- 1.15 When consistent with Regulatory Requirements and S&P Global Ratings policies if an actual or potential conflict of interest is identified for an existing Credit Rating, S&P Global Ratings will assess the existing Credit Rating.

2. Integrity of the Credit Rating Process

- 2.1 S&P Global Ratings and its Employees will comply with all Regulatory Requirements and other applicable laws and regulations governing S&P Global Ratings activities in each jurisdiction in which it operates.

- 2.4 S&P Global Ratings and its Employees strive to issue Credit Ratings that are independent, unbiased, based upon objective Criteria, and well-substantiated. S&P Global Ratings and its Employees may receive feedback from Issuers, investors, other market participants, or the public on its Criteria, Credit Ratings, Credit Rating Rationales, or other published materials. S&P Global Ratings may consider such feedback when assessing whether to revise that material, but will only make changes that are warranted based upon its own objective and independent assessment of the feedback.
- 2.5 S&P Global Ratings and its Employees will not make threats about potential credit rating actions or promise or guarantee (implicitly or explicitly) a particular Credit Rating prior to a determination of the Credit Rating by the Rating Committee and will not issue a Credit Rating that is not based upon its Criteria.
- 2.6 S&P Global Ratings will establish and maintain control functions (including its quality, criteria and risk functions), as well as a compliance function, to monitor S&P Global Ratings compliance with its Regulatory Requirements and policies. As required by law or regulation, these control and compliance functions are independent from the Practice Areas responsible for S&P Global Ratings Credit Rating Activities, Ancillary Services, and Other Services. The compliance function will have the necessary authority, resources, expertise and access to all relevant information to discharge its responsibilities properly and independently, as required by law or regulation, including having a senior level employee with the requisite skill set serve as its compliance officer in charge of the compliance function.

3. Independence and Avoidance of Conflicts of Interest

- 3.1 S&P Global Ratings will establish and maintain reporting lines and compensation arrangements for compliance officers and Employees in Control Roles and Analytical Roles that reinforce the independence of their respective judgments. For a compliance officer or Employee in a Control Role this means that S&P Global Ratings will not consider its financial performance when

evaluating the performance or determining the compensation (including incentive awards) of those Employees. For an Employee in an Analytical Role this means that S&P Global Ratings will not consider the commercial implications (such as revenue, fees, or market share) of that Employee's analytical decisions when evaluating the performance or determining the compensation (including incentive awards) of that Employee.

- 3.2 To minimize the potential for bias as well as potential conflicts of interest from long-standing relationships between Issuers and Employees in Analytical Roles, S&P Global Ratings requires Primary Analysts to rotate analytical responsibility over time and in a manner that will promote the continuity of the ratings process. In addition, when required by law or regulation or where otherwise feasible and appropriate, S&P Global Ratings also rotates Rating Committee Chairpersons and/or other Analysts.
- 3.3 S&P Global Ratings will establish and maintain measures to protect against Analysts and other Employees directly involved in Credit Rating Activities engaging in Commercial Activities or other activities that may create an actual or potential conflict of interest or that may compromise the independence and objectivity of S&P Global Ratings Credit Rating Activities.
- 3.4 S&P Global Ratings will establish and maintain controls so that the Ancillary Services and Other Services of S&P Global Ratings or its affiliates do not affect S&P Global Ratings Credit Rating Activities.
- 3.5 S&P Global Ratings will take a Credit Rating Action regardless of the potential effect (economic, political, or otherwise) of that action on S&P Global Ratings, an affiliate, an Issuer, an investor, or any other market participant.
- 3.6 S&P Global Ratings will establish and maintain written policies and measures to (a) identify and (b) eliminate, or manage and disclose, as required by law or regulation or where otherwise feasible and appropriate, any actual or potential conflicts of interest that may influence S&P Global Ratings Credit Rating Activities as well as the opinions and analyses of S&P Global Ratings or the judgment and analyses of its Analysts.
- 3.7 Employees (including officers of S&P Global Ratings) will not directly participate in Credit Rating Activities related to an Issuer when engaged in employment discussions with that Issuer.
- 3.8 S&P Global Ratings will report to the Securities and Exchange Commission when it knows that a person who was associated with S&P Global Ratings within the previous five years obtains employment with an arranger, obligor, Issuer, underwriter, or sponsor of a security or money market instrument for which S&P Global Ratings has issued a Credit Rating within 12 months prior to the employment.

The information that S&P Global Ratings is required to disclose generally includes Credit Ratings, Credit Rating Rationales, Criteria, policies, the general nature of compensation arrangements, information on conflicts of interest, and periodic information on the performance of its Credit Ratings. S&P Global Ratings will disclose required information in a timely manner and consistent with its Regulatory Requirements.

- 4.2 S&P Global Ratings will establish and maintain measures designed to prevent confusion between its Credit Rating Activities and its Ancillary Services and Other Services by Issuers or the public.
- 4.3 S&P Global Ratings and its Employees will not state or imply that a regulator has approved or endorsed its Criteria, Credit Ratings, or Credit Rating Activities. S&P Global Ratings will take appropriate steps to protect against an unregistered entity using its name to publish Credit Ratings.

S&P Global Ratings will not take, or allow Employees to take, retaliatory actions against other Employees who make good faith reports pursuant to this provision.

7. What are Credit Ratings and Their Limits?

- 7.1 Credit Ratings are forward-looking, current opinions regarding the creditworthiness of Rated Entities. Credit Ratings are based on information supplied to S&P Global Ratings by a Rated Entity and/or its Related Third Parties (collectively referred to as the "Issuer") as well as information obtained by S&P Global Ratings from other sources it considers reliable. S&P Global Ratings relies on the Issuer, its accountants, counsel, advisors, and other experts for the accuracy, completeness, and timeliness of the information submitted in connection with S&P Global Ratings rating and surveillance processes.
- 7.2 Credit Ratings do not constitute investment, financial, or other advice. Credit Ratings are not recommendations to purchase, hold, or sell a particular Security or to make any other investment decision. Credit Ratings do not comment on the suitability of an investment for a particular investor and should not be relied on when making any investment decision. The assignment of a Credit Rating to a Rated Entity does not guarantee the performance of the Rated Entity. S&P Global Ratings does not act as an investment, financial, or other advisor to, and does not have a fiduciary relationship with, any Issuer, investor, or any other person. Credit Ratings are not verifiable statements of fact.
- 7.3 Pursuant to Regulatory Requirements in certain jurisdictions, S&P Global Ratings has established controls so that the information used to determine Credit Ratings is of satisfactory quality, meaning a sufficient quantity of information, received on a timely basis, and considered reliable by S&P Global Ratings. In this regard, while S&P Global Ratings has established policies for compliance with these Regulatory Requirements, these policies do not constitute an audit of the information and are not designed to prevent or detect fraud. As such, even with appropriate controls around the receipt and use of such information, S&P Global Ratings cannot guarantee that all the information it receives and uses is complete or accurate. Consistent with applicable policies, S&P Global Ratings will not issue initial Credit Ratings and will withdraw or suspend existing Credit Ratings when information of satisfactory quality is unavailable.
- 7.4 S&P Global Ratings may at any time suspend, modify, lower, raise, or withdraw a Credit Rating or place a Credit Rating on CreditWatch in accordance with its policies.

Failure to comply with this Code and its related policies may result in disciplinary action, up to and including termination of employment.

This Code is available to the public without charge on S&P Global Ratings Web site, www.spglobal.com/ratings. This Code shall not form a part of any contract with any third party, and no third party shall have any right (contractual or otherwise) to enforce any of this Code's provisions, either directly or indirectly. S&P Global Ratings in its sole discretion may revise this Code to reflect changes in market, legal, and regulatory circumstances and changes to S&P Global Ratings policies and other controls.
