

Research Update:

Ratings On Orsted A/S And Orsted Wind Power TW Holding A/S Affirmed At 'twAA/twA-1+'; Outlook Stable

August 29, 2023

Rationale

Taiwan Ratings Corp. today affirmed its 'twAA' long-term and 'twA-1+' short-term issuer credit ratings on Danish offshore wind company **Orsted A/S** (also rated 'BBB+/Stable/A-2' by S&P Global Ratings) and **Orsted Wind Power TW Holding A/S**, the holding company for Orsted's activities in Taiwan. The outlook on the long-term ratings is stable.

The ratings on Orsted A/S reflect the company's position as one of the largest firms in offshore wind power generation with a market share of about 30% globally and a solid track record of completing wind farm construction projects on time and within budget. The ratings also reflect Orsted A/S's committed financial policy of maintaining a ratio of funds from operations to net debt at above 25% with flexible capital expenditure and dividends and likely extraordinary support from the State of Denmark. Execution risks for expansion outside of Europe, an aggressive capital expenditure plan for 2023-2025, supply crunches, and the rising cost of raw materials partly offset these strengths.

We equalize the ratings on Orsted Wind Power TW Holding to those on Orsted because the parent guarantees all obligations of the Taiwan holding company irrevocably and unconditionally, and that all clauses of the guarantee remain unchanged and valid.
